

QUALITY POLICY STATEMENT

Maher Limited regards the on-time delivery of high-quality products that conform to agreed specifications, supported by a superior level of service as core to the satisfaction of its customers.

To service our customers' needs, Maher Limited is committed to fostering mutually beneficial collaborative relationships with its supplier base. The Company has established the objectives below to meet these customer needs and reward the Company's stakeholders for their investment.

The Quality Policy is designed to provide the framework for establishing and reviewing Quality Objectives.

The Company shall: -

1. Supply high integrity alloys in all forms, sizes and conditions including nickel, titanium, aluminium, copper, maraging, controlled expansion and special stainless-steel grades.
2. Maher regards providing high quality products that conform to the customers' specific requirements, on-time and offering a high level of customer service throughout the process as core to ensuring the customers' expectations are met and exceeded.
3. Assist the Customer in defining their needs and specifications. Maintain 3rd party accreditation to BS EN ISO 9001, AS 9100, and Customer quality approvals as required, at the latest revisions and be open to second party audit.
4. Monitor the system's effectiveness throughout the Company by use of scheduled review and quality tools where applicable.
5. Invest in employees' education and training to allow them to fulfil their potential and contribute to attainment of this policy, achievement of the quality objectives, and ensure their familiarity with relevant Company Policies, Procedures and Company Core Values.
6. Encourage a culture, which leads to continuous improvement and innovation.
7. Provide suitable and safe working conditions and workspaces for all employees and to protect the environment.
8. Review this Policy at least annually.
